

Where do I go from here

If you think someone's life is in immediate danger, call 911.

If you or someone you know is thinking about suicide, a good place to start is your local crisis line (1 866 APPELLE or 1 866 277-3553). Trained suicide prevention volunteers can help you or your loved one, and they will connect you to local emergency mental health services if you need them. Confidentiality can be waived in life-or-death situations. If you aren't completely sure about the risk, it's still safer to call and talk to someone.
